**B.** If you didn't pay when you enrolled, make your payment by the 20th of the month for the following month.

### 2 How to make your first payment

### 3 Getting your Member ID:

**Register for your Member Portal or your Friday Mobile App**

There you can find a copy of your ID card you can use to make doctor appointments and get prescription drugs until you receive your ID card in the mail. You can access this a few days after your first payment is processed.

### 4 Making Monthly Payments

Monthly payments (also called your "premium") must be made by the 20th of the month for the following month. If you do not make your payment, your insurance coverage will be terminated.

### 5 Setting up Automatic Payments

You can set up automatic payments in your Friday Member Portal or your Mobile App. Or you can call the Friday Care Crew and have them set it up for you. One less thing to worry about!
