INITIAL ELIGIBILITY

When you first become eligible to participate in the Plan, you will have the opportunity to elect coverage. You may elect such coverage for yourself and your Dependents. In order to participate in the Plan, you must formally enroll in the Plan. You must also agree to pay any required contributions. You may enroll in the Plan by delivering a completed enrollment form (along with payment) to your employer. You must do so within the time period identified by your employer.

If an employee does not complete the Application process and make the appropriate payment on or before the appropriate deadline, it will be assumed that they have elected not to be in the Plan. If an employee does not enroll (or their Dependents) I the Plan at the time they first meet the eligibility requirements, they must wait until the next annual Open Enrollment Period to enroll their coverage under the Plan. In certain cases, they may be able to enroll (and/or their Dependents) I the Plan before the next Open Enrollment Period. Please review the Special Enrollment section for more information.

EFFECTIVE DATE OF COVERAGE

Each year that you are eligible to participate form (along with payment) to your employer on or before the enrollment deadline, your Plan coverage will be effective as of the date that the Waiting Period, if any, has expired. If you have elected to enroll your Dependents in the Plan, their coverage will also be effective on that date. You must be enrolled I the Plan I order to enroll any Dependent in the Plan.

ANNUAL OPEN ENROLLMENT

Each year that you are eligible to participate in the Plan, you will have the opportunity to decide if you want to participate. The Open Enrollment Period generally lasts for thirty (30) days and occurs before the beginning of the next Plan Year. If you enroll yourself and any Dependents during an Open Enrollment Period, coverage will be effective ad of the first day of the upcoming Plan Year. DOCUMENTATION OF DISABLED CHILD

If you enroll a Child who is over the age of twenty-six (26), you must provide proof of the Covered Child's incapacity and dependency on you. If such an enrollment occurs, the Plan will have the right to seek repayment directly from you. The Plan may recover the cost of any benefits provided to you or your Dependent during the Refund Period, if those costs are greater than the Premium received by the Plan for you or your Dependent for the Refund Period. The Plan will refund your Premium (or your Dependent's Premium) for the Refund Period only if you (or your Dependent) received no benefits from Plan.

IDENTIFICATION CARD

You and your covered Dependents will receive Plan identification cards when you enroll in the Plan. You should notify the carrier if you do not receive your identification card after your enrollment, you and your Covered Dependents will be responsible for presenting the identification card to each health care provider. You should present the identification card at the time health care services are rendered. If you fail to do so, you may be obligated to pay for the cost of those services. Identification cards are issued by the Plan for identification purposes only. Having a Plan identification card will not give you or any other person a right to receive Plan benefits. The holder of a Plan identification card must be an Enrollee in order to receive Plan benefits. If a person who is not allowed to receive Plan benefits uses an Enrollee's card to receive benefits, that person will be required to pay for any health care services he/she receives.

MISUSE OF IDENTIFICATION CARD

If you allow another person to use your Plan identification card, the Plan may reclaim your identification card. The Plan may also terminate your right (and the rights of your Covered Dependents) to receive Plan benefits. If this occurs, the Plan will provide you with thirty (30) days' advance written notice of termination. The Plan may also require you to pay for any costs paid by the Plan as a result of your conduct.

CHANGE OF BENEFICIARY

The right to change a beneficiary is reserved for the Policyholder, and the consent of the beneficiary or beneficiaries is not required for the surrender or assignment of this Policy, for any change of beneficiary or beneficiaries, or for any other changes in this Policy.

SECTION 6: HOW TO ACCESS YOUR SERVICES AND OBTAIN APPROVAL OF BENEFITS

As a member, You may receive Covered Services from Network Providers including medical, surgical, diagnostic, therapeutic and preventive services provided in the FHP Service Area. Covered Services must also be Medically Necessary. As a Member of an HMO, You and Your PCP must work together to manage Your healthcare services. When a Covered Service requires Prior Authorization, You and Your Network Provider will work with FHP to get Prior Authorizations. Each member shall select, or have selected on his/her behalf, a PCP. You must choose Your PCP by referring to the current Friday Health Plan's Provider Directory or by calling FHP Friday Care Crew. A Member may change his/her PCP at any time for any reason by contacting Friday Health Plan's Friday Care Crew. It is the responsibility of each Friday Health Plan's Member to provide FHP with a change of Your mailing address within thirty-one (31) days of such address change. Changes can be made by contacting Friday Care Crew at 800-475-8466. Except for Emergency Services only services which are coordinated by a Network Provider, and/or Prior Authorization by FHP and obtained from a Network Practitioner/Provider are considered Covered Services. There must be a Prior Authorization for all care from Non-Network Providers to be a Covered Service.

THE HMO NETWORK OF PARTICIPATING PROVIDERS

FHP had contracted with health care providers to give affordable health care to its member. This is also done to manage Your healthcare needs. You must choose Your PCP from the FHP Network. You must receive Your own care from Network Providers. Except for rare cases where a Non-Network Provider is Prior Authorized by FHP or in emergency situations, You MUST receive care from a Network provider for it to be considered a Covered Service. If You receive healthcare services from a Non-Network Providers, then it will result in a significant increase in cost to You. It is vital that You confirm that the Provider that You intend to see is a Network Provider. You should confirm that a Provider is a Network Provider by checking the Provider Directory or by calling Friday Care Crew at 800-475-8466. You can also find the directory at www.fridayhealthplans.com.

ACCESSING NON-NETWORK PROVIDERS

If a Provider is not contracted with FHP, then they are a Non-Network Provider. Unless the Member has Prior Authorization, FHP will not cover Non-Network Provider expenses, and the Member must pay for any expenses related to Non-Network services or supplies. Prior Authorization for a Non-Network provider will be granted when FHP concludes that it is not possible to get the necessary medical services In-Network. Please check that the Provider you intend to receive care through is a Network Provider. You can check that a Provider is a Network Provider by checking the FHP Provider Directory. The Provider Directory can be found at www.fridayhealthplans.com or call Friday Care Crew at 800-475-8466. In rare cases, a Member may receive services from a Non-Network Provider in a Network Facility. If a Member receives care from a Non-Network Provider at a Network facility and the Member had not specifically requested the Non-Network Provider, then the member will be held harmless and will have no greater share of cost than if an In-Network Provider treated them. The Plan will pay the Allowable Amount which is the amount established under Colorado state law for reimbursement got health

care services to covered persons at a Network facility provided by an out-of-network provider or for emergency services that are provided by out-of-network providers of facilities. If an Enrollee receives emergency services from a Non-Network Facility, then the payment from the Plan will be limited to the Allowable Amount. The Plan will pay the Allowable Amount which is the amount established under Colorado state law for reimbursement for health care services to covered persons at a Network facility provided by an out-of-network provider of for emergency services that are provided by out-of-network providers or facilities.

IMPORTANT NOTICE ABOUT SURPRISE BILLING – KNOW YOUR RIGHTS

Beginning January 1, 2020, Colorado state law protects you from "surprise billing". This is sometimes called "balance billing" and it may happen when you receive covered services, other than ambulance services, from an out-of-network provider in Colorado. This law does not apply to all health plans and may not apply to out-of-network providers located outside of Colorado. Check to see if you have a "CO-DOI" on your ID card; if not, this law may not apply to your health plan. What is surprise/balance billing and when does it happen? You are responsible for the cost-sharing amounts required by your health plan, including copayments, deductibles and/or coinsurance. If you are seen by a provider or use services in a hospital or other type of facility that are not in your health plan's network, you may have to pay additional costs associated with that care. These providers or services at hospitals and other facilities are sometimes referred to as "out-of-network." Out-of-network hospitals, facilities or providers often bill you the difference between what Anthem decides is the eligible charge and what the out-of-network provider bills as the total charge. This is called 'surprise' or 'balance' billing.

When you CANNOT be balance-billed

Emergency Services

When you receive services for emergency medical care, usually the most you can be billed for emergency services is your plan's in-network cost-sharing amounts, which are copayments, deductibles, and/or coinsurance. You cannot be balanced-billed for any other amount. This includes both the emergency facility and any providers you may see for emergency care.

Non-emergency services at an In-Network or Out-of-Network Facility

The hospital or facility must tell you if you are at an out-of-network location or at an in-network location that is using out-of-network providers. It must also tell you what types of services may be provided by any out-of-network provider.

You have the right to request that in-network providers perform all covered medical services. However, you may have to receive medical services from an out-of-network provider if an in-network provider is not available. When this happens, the most you can be billed for covered services is your in-network cost-sharing amount (copayments, deductibles, and/or coinsurance). These providers cannot balance bill you.

Additional Protections

- Friday Health Plans will pay out-of-network providers and facilities directly. Again, you are only responsible for paying in-network cost sharing for covered services.

- Friday Health Plans will count any amount you pay for emergency services or certain out-of-network services as (described above) toward your in-network deductible and out-of-pocket limit.

- Your provider, hospital, or facility must refund any amount you overpay within 60 days of reporting the overpayment to them.

- A provider, hospital, or other type of facility cannot ask you limit or give up these rights.

If you receive services from an out-of-network, hospital, or facility in any OTHER situation, you may still be balance billed, or you may be responsible for the entire bill. If you intentionally receive non-emergency services from an out-of-network provider or facility, you may also be balance billed.

If you do receive a bill for amounts other than your copayments, deductible, and/or coinsurance, please contact the Friday Care Crew at 800-475-8466.

Ambulance Information
You may be balance billed for emergency ambulance services you receive if the ambulance service provider is a publicly funded fire agency, but state law against balance billing does not apply to private companies that are not publicly funded fire agencies. Non-emergency ambulance services, such as ambulance transport between hospitals, are not subject to the state law against balance billing, so if you receive such services and they are not service and they are not a service covered by Friday Health Plans, you may receive a balance bill.

PRIMARY CARE PROVIDER (PCP)
A PCP is a Network Provider who You choose and who guides, tracks, and manages Your health care services. They work to assure continuity of care for the Member. The PCP also works with FHP to get a Prior Authorization for specialized care the Member may need, You may select a Primary Care Provider if you choose to do so. You have the right to designate any Primary Care Provider who participates in the Plan's Network and who is available to accept you or your Covered Dependents. The Plan does not guarantee that the Primary Care Provider you select will be able to add you or your Covered Dependents as patients. However, the Plan will make an adequate panel of Primary Care Providers available for your selection. By selecting a PCP, You will have access to a Provider with will work with You to manage your Health Care needs.

You may contact the Carrier for information on how to select a Primary Care Provider, and for a list of the Primary Care Providers. You may contact the Carrier in writing at:

SIGNIFICANCE OF PRIMARY CARE PROVIDER

As a general rule You and your Covered Dependents are required to receive all Covered Services within the Service Area from your Primary Care Provider.

PRIOR AUTHORIZATION

Friday reviews certain health services to determine whether the services are or were Medically Necessary, or Experimental/Investigational. This process is called Utilization Review. Utilization Review includes all review activities, whether they take place prior to the service being performed (Prior Authorization); while the service is being performed (Concurrent); or after the service is performed (Retrospective). This review process results in a service being Prior-Authorized or denied as a Plan benefit.

SERVICES SUBJECT TO PRIOR-AUTHORIZATION

In some cases, you must obtain Prior Authorization from the Plan before you receive health care services from anyone other than your Primary Care Provider. Visits to a network Specialist does not require Prior Authorization. Generally, your Primary Care Provider will begin the process of obtaining Prior Authorization on your behalf. This is done by making a request for Prior Authorization to the Plan. Your Primary Care Provider will ask that you be permitted to receive services from another Network Provider. The Plan will respond to each request with either an approval or a denial. The Plan will send a copy of its response to You. The Plan will also send a copy to your Primary Care Provider, and the Network Provider who is the subject of the request. When a request is approved, the Plan will issue Prior Authorization. The Prior Authorization request will identify the name of the Participating Provider, and the date(S) when the services will be performed. The Prior Authorization from the Plan guarantees payment by the Plan of all Covered Services approved in the Prior Authorization. This guaranty does not apply if you lose Plan eligibility before the date of the services.

If You are actively undergoing a medically necessary course of treatment from a provider of health care whose contract with the insurer is terminated, for reasons other than medical incompetence or professional misconduct, during the course of the medical treatment, You may continue to obtain medical treatment for the medical condition from the provider if the provider agrees to

accept the payment terms of the terminated agreement and you receive Prior Authorization.

The Plan will pay for Covered Services that require Prior-Authorization only if you get a Prior Authorization from the Plan before you get the Services. If you require the Services without Prior Authorization when Prior Authorization is required by the Plan, the Plan will deny your claims for such services.

To make sure you are receiving the maximum benefit from the Plan, you should obtain all health care services from Participating Providers. You should also comply with the Prior Authorization requirements. This is the case even if you are expecting another plan or third party to pay for your health care services. You should contact the Plan at 800-475-8466 if you are unsure if a service needs Prior Authorization before services are rendered.

EXCEPTION FOR GYNECOLOGICAL CARE

You do not need Prior Authorization for obstetrical or gynecological care from a Participating Provider who is an OB GYN or reproductive health specialist. You also do not need a referral from your PCP to get such care. For a list of Participating Providers who specialize in OB GYN or reproductive health, you may contact the Plan at this address:

Friday Health Plans
700 Main Street
Alamosa, Colorado 81101
questions@fridayhealthplans.com

If you prefer, you may call Friday Care Crew at 800-475-8466.

EXCEPTION FOR URGENT SITUATIONS

In unusual cases where you have an urgent need for health care services, you must attempt to access your Primary Care Provider. If accessing your Primary Care Provider is not an option, you may obtain care without obtaining Prior Authorization from the Plan. If your Primary Care Provider is unavailable or does not provide the particular health care services that you need, you may obtain care without obtaining Prior Authorization from the Plan. However, the health care provider may be required to comply with certain procedures. These procedures include obtaining Prior Authorization for certain services. This paragraph applies when the situation does not qualify as a Medical Emergency, as described below.

EXCEPTION FOR EMERGENCY SITUATIONS

You are not required to obtain Prior Authorization from the Plan her you receive health care services in a Medical Emergency. However, the health care provider may be required to comply with certain procedures. These procedures include obtaining Prior Authorization for certain services that could be considered non-emergent. If you are hospitalized without Prior Authorization due to a Medical Emergency, you must notify the Plan by telephone of the hospitalization at 800-475-8466. Alternatively, you must instruct the hospital or a family member to notify the Plan. This notice must occur on the first business day following the hospital admission, or as soon as medically possible. - Hepatitis B and C testing: Persons should be screened for hepatitis B virus (HBV) at baseline for the initiation of PrEP consistent with CDC guidelines, so that when the PrEP medications, which suppress HBV replication in the liver, are stopped, persons can be monitored to ensure safety and torapidly identify any potential injury. Additionally, persons should be screened for hepatitis C virus (HCV) infection at baseline and periodically consistent with CDCguidelines. Screening for HCV infection is indicated for all people with ongoing risk of contracting HCV.

Creatinine and eCrCL or eGFR should be checked periodically consistent with CDC guidelines while on PrEP medication to assess for potential kidney injury and to ensure that it is safe to continue PrEP medication.

- Pregnancy testing: Persons with childbearing potential taking PrEP must be tested for pregnancy at baseline and should be tested again periodically thereafter consistent with CDC guidelines until PrEP is stopped so that pregnant patients, together with their health care providers, can make afully informed and individualized decision about taking PrEP.

- Sexually transmitted infection (STI) screening and counseling: Persons taking PrEP must be screened for STIs atbaseline and should be screened periodically thereafter consistent with CDC guidelines, which may require multiple anatomic site testing (i.e., genital, oropharyngeal, and rectal) for gonorrhea and chlamydia, and testing for syphilis, together with behavioral counseling, which are recommended to reduce the risk of STIs, the presence of which may increase the likelihood of acquiring HIV sexually.

- Adherence counseling: Persons taking PrEP must be offered regular counseling for assessment of behavior and adherence consistent with CDC guidelines to ensure that PrEP is used as prescribed and to maximize PrEP's effectiveness.

Symptoms may be due to an illness, injury, severe pain, or a medical Condition that is quickly getting worse. For the service to be covered as an Emergency Service, the Service must meet the standard set forth in the definition of Emergency and Urgent Care Services.

   For a Medical Emergency, the Plan will cover the Emergency Services listed in below. These services are covered without Prior Authorization. (3) Reimbursement for emergency care and emergency transportation shall not be denied by the health care insurer or Plan when the covered person, who in good faith and who possesses average knowledge of health and medicine, seeks medical care for what reasonably appears to the covered person to be an acute condition that requires immediate medical attention, even if the patient's condition is subsequently determined to be non-emergent.

2. **Emergency Transportation**. For a Medical Emergency, the Plan will pay for the Enrollee's transportation to the hospital by ambulance. As noted in above, a Medical Emergency is limited to certain situations. There must be sudden and severe medical condition (including severe pain). This notice must occur on the first business day following the hospital admission, or as soon as medically possible. If the Enrollee is unable to contact the Plan personally or ask another person to do so, the notification may be delayed. A delay is only allowed until the Enrollee is able to notify the Plan or instruct some other person to notify the Plan. If the Enrollee is conscious and able to communicate with others, the Enrollee will be treated as able to notify the Plan.

5. **Transfer**. If an Enrollee is hospitalized in a non-Participating Provider hospital, the Plan will have the Enrollee transferred to a Participating Provider hospital as soon as medically feasible. The Plan will not cover any services provided by a non-Participating Provider to an Enrollee who has refused a medically feasible transfer. The Plan utilizes step therapy in its pharmacy program. Step therapy is a utilization management process much like Prior Authorization, Step therapy ensures that the Plan participants use clinically appropriate drugs in a cost-effective manner.

Step therapy protocols/algorithms are developed based on current medical findings, FDA approved drugs labeling, and medication agents, comparable therapeutic efficacy, and utilization and those that have generic alternatives. Generic drugs are commonly prescribed as the “first-line” agent due to their established safety and efficacy for treating a given condition and are

typically less expensive than branded medications. Select branded medications may not be covered unless a plan participant tries and fails an alternate “first line” agent(s). The Plan will not require a covered Prior Authorization before a pharmacist may prescribe and dispense and HIV infection prevention drug. When a Member presents a prescription for a medication that is under a Step Therapy Algorithm, the dispensing pharmacy receives an electronic message informing the [pharmacist that the medication is under a Step Therapy algorithm. The member will then need to contact their Provider so the Provider can either re-write the prescription or send the required step therapy information to the Members Pharmacy Benefit Management Company. That contact information is on the members Pharmacy ID card.

Your Out-of-Pocket Maximum includes all Copayments, Coinsurance and Deductible amounts. However, these amounts may be reduced if you are eligible for Cost-sharing Subsidies. You will also be responsible for paying any health care services that do not qualify as Covered Services. Finally, in most cases, you will be required to pay or those health care services that you receive from a health care provider who/which is not a Participating Provider, and for those health care services that were provided without Prior Authorization do not count towards Your Deductible, nor towards your Out-of-Pocket Maximum. In addition, you will be responsible for the cost of services that do not qualify as Covered Services, the cost of services to Non-Plan Providers and/or services provided without Prior Authorization even if your Out-of-Pocket Maximum has been met. If you access an out-of-network provider for emergency and non-emergency services FHP will provide disclosures concerning a covered person's financial responsibility for those services. This information is also available on our website titled "Appendix A." This document outlines your rights as a member in regard to surprise billing.

COORDINATION WITH OTHER COVERAGE

OTHER COVERAGE

The amount of any payment by the Plan for Covered Services provided to an Enrollee may be reduced if the Enrollee is covered under another health care plan. This may be the case even if the Enrollee does not submit a claim to the other plan. The Plan will pay the lesser of:

- The full amount payable for the Covered Services under the Plan; or

- An amount that, when added to the amount payable under the other Plan, will no more than the amount payable by the Plan for the Covered Services.

MEDICARE COB

Medicare will be primary except as required by law.

AUTO INSURANCE BENEFITS COB

- Coordination with Auto Coverage. Your benefits under this Contract will be coordinated with any no fault coverage or other automobile insurance that provides medical payment coverage or medical expense coverage in any forms as allowed by law.

- Payment. If you are eligible for benefits under Auto Coverage, such coverage will be primary and responsible for all benefits payable under Auto Coverage. If you are eligible for coverage under more than one automobile insurance policy, each policy will pay its maximum Auto Coverage to any Cost Sharing payable under this Contract as required by law. We may request proof of Auto Coverage has paid all benefits required. If we request information, you must give is to us before we are obliged to make any payments.

- Settlement of Auto Coverage Claims. You may not release or settle any Auto Coverage claims without our written consent if we paid or may have to pay benefits for services that would be covered by the Auto Coverage. If you release or settle an Auto Coverage claim without consent, we may refuse to provide benefits for services that would be provided to you by the Auto Coverage. If you release or settle an Auto Coverage claims without our consent, we may refuse to provide benefits that would be provided to you by The Auto Coverage. We may also recover amounts you got under the Auto Coverage for any benefits we provided that should have been provided to you by the Auto Coverage. Amounts you get or may get for future health care services that would be provided by the Auto Coverage will be placed in a trust account as directed by us for payment of these services.

PRIOR COVERAGE

Unless not allowed by law, Benefits under this Contract shall be secondary for care provided during the period of extension of benefits or as the result of accrued liabilities of the Enrollee's prior coverage if any.

NO DOUBLE RECOVERY

In no event will you be entitled to obtain double recovery from Policies for healthcare services provided to you.

INSURANCE WITH OTHER INSURERS

This applies if you have double coverage, and no other coordination of benefits provisions apply. This generally occurs where one of the policies that provides double coverage is not a group policy. For this section, "Other Valid Coverage" means coverage provided by:

- Entities subject to the insurance laws or regulations of Colorado or any other state; or

- Hospital or medical service entities; or HMOs.

If you have Other Valid Coverage, not with us that provides benefits for the same Benefits as this Contract on a provision of service basis or on an expense incurred basis and you have not given us written notice of your Other Valid Coverage prior to the occurrence or start of loss; our only liability will be for:

- The proportion of the loss as the amount that would otherwise have been payable under this Contract, plus the total of like amounts under all such Other Valid Coverage for the same loss of which we had notice bears to the total like amounts under al valid coverage for loss, and

- For the return of such portion of the Premiums paid that exceed the pro-rata portion for the amount so determined.

For the purpose of applying this provision when other coverage is on a provision-of-service basis, the “like amount” of such other coverage will be taken as the amount which the services rendered would have cost in the absence of such coverage.

ORDER OF BENEFITS

Each plan determines its orders of benefits using the first of the following rules.

1. Subscriber or Dependent - The plan that covers the person other than as a Dependent, for example a member, is the primary plan. The plan that covers the person as a Dependent is the secondary plan.

2. Order of Dependent Coverage – Unless there is a court order stating otherwise, plans covering a Dependent child must determine the order of benefits using the following rules that apply:

    - For a Dependent child, whose parents are married or are living together, whether or not they have ever been married the plan of the parent whose birthday falls earlier in the Calendar Year is the primary plan.

        - If both parents have the same birthday, then the plan that has covered the parent the longest is the primary plan.

    - For a Dependent child, whose parents are divorced, separated, or not living together, whether or not they have ever been married, the following rules apply.

        - If a court order states that one of the parents is responsible for the Dependent child’s health care expenses or health care coverage and the plan of that parent has actual knowledge if those terms, then that plan is primary.

- If a court order states that both parents are responsible for the Dependent child's health care expenses, then the Plan of the parent with the earliest birthday in the Calendar Year is Primary.

- If a court order states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, then the Plan of the parent with the earliest birthday in the Calendar Year is Primary.

- It there is no court order stating responsibility for the Dependent child's health care expenses or health care coverage then the following order of benefits will apply: the plan covering the custodial parent, the plan covering the spouse of the custodial parent, the plan covering the noncustodial parent; then the plan covering the spouse of the noncustodial parent.

YOUR DISCLOSURE OBLIGATIONS

You must inform the Carrier and your health care providers of any other coverage you and/or your Covered Dependents may have. This includes coverage under any other group insurance policy or blanket disability insurance policy, health care services contract, preferred provider organization or health maintenance organization group agreement issued by an insurer, health care service contractors or health maintenance organization, labor-management trustee plan, labor organization plan, employer organization plan or employee benefit organization plan, governmental plan (such as Medicare or Medicaid), or coverage required or provided by law. You will be required to disclose this information, at the time you apply for coverage, at the time of receipt of Covered Services, and from time to time as requested by the Carrier. You will also be required to identify the other insurance carrier, the other group providing the coverage, and any other details requested by the Carrier.

RECOVERY RIGHTS OF THE PLAN

RIGHT OF SUBROGATION/REIMBURSEMENT

In certain circumstance, you, or you Covered Dependents (or the heirs, executor, or beneficiaries of you or your Covered Dependents) may have an obligation to reimburse the plan for payments made to or on behalf of you or your Covered Dependents. This right of reimbursement arises if you or your Covered Dependents receive any benefits under the plan as a result of an injury or illness, and there is a third party (including an insurance company) that is legally responsible for paying for your injuries (or your Cover Dependents' injuries). The plan's rights under this section arise after you or your Covered Dependents are fully compensated. In these cases, the Plan will have a legal right (known as a "right of subrogation") to recover any amounts that are payable by the third party (such as an insurance company). In these cases, if you or your Covered Dependents receive payments or settlement from the third party (such an insurance company), you and your Covered Dependents agree to reimburse the Plan for any benefits paid by the Plan after you or your Covered Dependents are fully compensated. This reimbursement is not limited by the stated purpose of the payment from the third party or how the payment from the third party is characterized in any agreement, or judgment.

You agree to notify the Plan, in writing of any benefits paid by the Plan that arise out of any illness or injury that was caused by a third party. You also agree to provide the Plan with the following information, in writing:

- The name and address of the party that caused injury, the facts of the accident, and any other information reasonably necessary to protect Plans right.

- All information about the other party's liability insurer(s), if known.

- Information relating to any personal injury protection, underinsured or uninsured motorist insurance or any other insurance, as well as a copy of any such insurance policy; Notice of any claim or legal action filed or submitted against a third party (within sixty (60) days of submitting or filing such claim); and

- Prior written notice of any intended settlement.

You may not (and your Covered Dependents may not) settle any claim or waive any right to be compensated by a third party (including an insurance company) without the Plan's prior written approval. By filing a claim for and/or accepting benefits from the Plan, you and your Covered Dependents are considered to have consented to the Plan's subrogation and right of reimbursement. You and your Covered Dependents are considered to have agreed to cooperate with the Plan in any way necessary to make, perfect or prosecute any related claim, right or cause of action. You or your Covered Dependents agree to enter into a subrogation and reimbursement agreement with the Plan if the Plan requests such an agreement. You and your Covered Dependents may not do anything that would prejudice or harm the rights of the Plan to pursue its rights of reimbursement and subrogation. Colorado Statutes will govern Subrogation and Recovery Rights. If anything in this section is not in accordance with Colorado Statutes, then Colorado Statutes shall suspend it.

RIGHT TO OFFSET FUTURE PAYMENTS

If the Plan sends you or your Covered Dependents a payment by mistake, or the Plan overpays an amount owed to you or your Covered Dependents, the Plan may reduce, by the amount of the error, future amounts payable to you or your Covered Dependent. This right to offset does not limit the Plan's right to recover an erroneous payment on any other manner.

ASSIGNMENT OF RIGHTS

You may not assign (transfer) any of your right or benefits under the Plan to another person. You may not assign (transfer) any claim, right of recovery or right to payment you may have against the Plan. However, you are permitted to assign (transfer), in writing, any amount payable to you by the Plan, for Covered Services provided to you (or your Covered Dependents).

SECTION 10: CLAIMS PROCEDURE (HOW TO FILE A CLAIM)

HEALTH CARE PROVIDER MAY SUBMIT CLAIM

In most cases, when you or your Covered Dependents receive health care services, the health care provider will send a claim directly to the Plan for payment. The health care Provider can do

this because the Plan's information is set forth on your identification card.

CLAIMS YOU SUBMIT TO THE PLAN

In other cases (such as when you fail to produce your identification card), you may be required to pay the health care Provider for all services at the time the care is provided. If this happens you may file a written claim with the Plan. If you file your claim in a timely manner, the Plan will reimburse you for the amount you paid for the Covered Services that were provided up to the contracted rate with the provider. However, the Plan will not reimburse you for any Copayment, Coinsurance or Deductible amounts that you were required to pay the health care provider. In some cases, the health care provider may agree to send you a bill for the health care services provided. If this happens, you may file a written claim with the Plan. If you file your claim in a timely manner, the Plan will pay the health care provider for the Covered Services that were provided at the contracted rate with the provider. However, the Plan will not reimburse you for any Copayment, Coinsurance or Deductible amounts that you were required to pay the health care provider. You are responsible for making sure that you receive the bill from the health care provider on a timely basis. If you do not file your claim in a timely manner, the Plan will not pay the health care provider. Instead, you will be required to pay for all of the health care services that were provided.

TIMING AND CONTENTS OF CLAIM

If you are submitting a claim to the Plan, you must do so within ninety (90) days of the date that the health care services were provided. Your claim must include the diagnosis, the type of treatment rendered, the date of service, the name and address of the health care provider, the charges for the care, the name of the Enrollee, and the Enrollee's identification number. If you have already paid the health care provider, you must also include receipts showing your payment. All claims should be sent to:

Friday Health Plans
PO Box 194,
Sidney, NE 69162
Electronic Payer ID: H0657

All clean claims shall be paid, denied, or settled within thirty (30) calendar days after receipt by the Plan if submitted electronically and within forty-five (45) calendar days after receipt by the Plan if submitted by any other means.

If a claim requires additional information (the claim is not a clean claim), the Plan shall, within thirty (30) calendar days after receipt of the claim give the provider, policyholder, insured or patient, as appropriate, a full explanation in writing of the additional information needed to resolve the claim. If the requested information is not received within thirty (30) days, the claims could be denied.

Absent fraud, all claims (except clean claims) shall be paid, denied, or settled within ninety (90) calendar days after they are received by the Plan.

REMINDERS

It is important to remember that, in most cases, the Plan will only pay for health care services provided by a Participating Provider. It is also important to remember that the Plan will only pay for services that are Covered Services. If you are being reimbursed for a payment you have made to a Participating Provider, you will be reimbursed at the Plan's contracted rate with the Participating Provider. If you fail to submit your claim within the required ninety (90) day period, your claim will be denied.

CLAIM NOTIFICATIONS

IF A CLAIM IS DENIED

If your claim, or any part of your claim, is denied, the Plan will notify you in writing. The written notice will contain the following information:

- Specific reasons for the denial.
- An explanation of the medical basis for the decision, if applicable.
- Specific reference to relevant Plan provisions.
- A description of any additional material or information necessary for you to perfect your claim, and an explanation of why such material or information is necessary; and
- Information as to the steps you can take if you wish to appeal the decision.

The notice may also include any information regarding an internal rule, guideline or protocol that was relied on in making the benefit decision. If the denial is based on medical necessity, experimental treatment or a similar exclusion or limit, the notice may contain an explanation of the scientific or clinical judgement used in making decision. If the notice does not contain this information, the notice will contain a statement that this information will be provided to you upon written request at no charge.

TIMING OF THE NOTICE

After the Plan reviews your claim, the Plan will notify you of any decision to pay or deny your claim. Notice will be provided within the state laws and regulations timeline. This notification will be in the form of an Explanation of Benefits (EOB). The EOB is not a bill, but an explanation of how the cost of your medical care is applied to your benefits.

SECTION 11: GENERAL POLICY PROVISIONS

COVERAGE IS LIMITED TO COVERED SERVICES

A participating Provider may provide, prescribe, order, recommend, approve, refer, or direct a service or supply. However, this does not mean that the service or supply is a Covered Service. The Health care services and supplies that are paid for by the Plan are identified in the **BENEFITS/COVERAGE (WHAT IS COVERED).** If a health care service or supply is not identified in the **BENEFITS/COVERAGE (WHAT IS COVERED)** section, it is not a covered service and will not be paid for by the Plan. This is the case even if the health care service or supply is not specifically identified in the **LIMITATIONS/EXCLUSIONS (WHAT IS NOT COVERED)** section.

COVERED SERVICES ARE NOT AUTOMATICALLY PAID BY THE PLAN

It is important to note that the Plan will pay for Covered Services only if other terms and conditions of the Plan are met. For example, for a Covered Service to be paid for by the Plan, The Covered Service must be Medically Necessary. The Medical Director must decide whether a Covered Service is Medically Necessary. In most cases, the Covered Service must be performed by you Primary Care Provider or by another Participating Provider. Generally, if you receive Covered Services from a Participating Provider who/which in not your Primary Care Provider, you must first receive Prior Authorization.

GRACE PERIOD FOR PAYMENT OF PREMIUMS

The Plan allows a thirty-one (31) day grace period for payment of Premiums, during which Your coverage (and Your Covered Dependents) will remain in effect. The Plan has the right to pursue collection of the Premiums owed for the grace period.

NO LIFETIME LIMITS OR ANNUAL LIMITS

There is no lifetime limit on the essential health benefits you may receive from the Plan. There is also no annual dollar limit on the essential health benefits you may receive from the Plan. However, there are other limits on your benefits. Those limits are described in this Evidence of Coverage.
