National Access Program Georgia

This program allows coverage of a Friday subscriber's dependents who attend school outside the Friday primary service area. They will be able to access local doctors and medical facilities as part of the Friday medical network. That means that they are covered to see a doctor outside of the state where your health plan was issued.

Who is Eligible for the National Access Program?

The National Access Program is only available to covered dependents of Friday subscribers who attend school and live outside of Friday Health Plans' primary service area.

Learn more about the National Access Program by contacting the Friday Care Crew at 800-475-8466 and questions@fridayhealthplans.com.
