Dear <<NAME⁵>>,

Your health insurance coverage is coming up for renewal. Your current plan, <<2018 PLAN NAME⁶>>, will continue to be offered in the upcoming 2019 plan year, **with changes**. However, your eligibility to renew will depend upon whether you have a change in income, household size, or other change that would impact your eligibility for tax credits or Cost Share Reductions. If you qualify for financial assistance that allows you to stay on this plan, you don't have to do anything. Your plan will automatically be renewed on January 1st and you just have to pay the new monthly premium. You will be receiving a letter from Connect for Health Colorado about your renewal eligibility.

If you continue to be eligible for renewal of this plan, you should review the changes to your benefits, confirm that your health care providers are still in the plan's network, and confirm any prescriptions you take are still covered.

You can change plans by enrolling in a new plan by visiting fridayhealthplans.com, ConnectforHealthCO.com, or by speaking with your broker or a Health Coverage Guide.

Changes that are being made to your current health plan:

<<2018 PLAN NAME⁷>>

The 2019 Open Enrollment period is from November 1, 2018 to January 15, 2019. If you would like to switch to a different plan with coverage that starts on January 1, 2019, the deadline to enroll is December 15, 2018.

You can choose a new plan from us, another insurance carrier, or through Connect for Health Colorado. You or your family may also qualify for Health First Colorado (Colorado's Medicaid Program) or the Children's Health Insurance Program (CHIP+), both of which are public programs that offer low cost health coverage.

If you qualify for financial assistance and/or lower costs, you can get those savings only if you enroll through Connect for Health Colorado.

You can always contact us, a broker, a Health Coverage Guide, or a Connect for Health Colorado customer service representative for any help you may need.

What else should I look at before deciding to keep or change my plan?

Call us or visit fridayhealthplans.com to make sure your doctor and other health care providers are currently listed in the network for the 2019 plan year, as this may have changed. Also, check to make sure any prescription medications you take will be covered.
